- to obtain from any person or body, any information needed in connection with this application or the policy. I also authorise and instruct such person to give the said information to the insurer, and
- to share with other insurers that information and any information in this application or in any related policy or other document, either directly or though a database operated by or for insurers as a group, at any time (even after my death) and in such detailed, abbreviated or coded form as the insurer or the operators of such database may decide from time to time, and
- to disclose my medical information to any parties that the insurer uses in providing services in connection with the policy.

I acknowledge that I cannot cancel this authorisation and that it will endure after my death.

I declare and confirm the following:
